The Rockingham Apprenticeship and Technical Opportunities Partnership

Promising Career. College Degree. Zero Debt!

Create Your Own Future with Apprenticeship!

Become a Leader

As an apprentice, you will:

- Learn advanced skills that will help companies or students* compete, grow, and thrive.
- Take bright ideas and turn them into valuable products and services using state-of-the-art tools, technology, and techniques.
- Be prepared to grow and advance in an exciting career.
- Pursue a field that aligns with individual interests — from electronics and robotics to advanced manufacturing and Teaching!

*Teacher Assistant Track only

Fast Track Your Career

You don't have to wait until graduation to start or apply for an apprenticeship.

- Apply for the apprenticeship program in the fall or early winter of your junior or senior year and begin the program that summer for the Manufacturing Track or senior year for the Teacher Assistant Track to begin in August.
- Start earning a paycheck and learning advanced skills.
- Get paid for work and class time while enrolled in the program!
- Earn an Associate Degree with no debt!

Earn a Free College Degree

All of your classes, books, and fees are paid for as an apprentice in RockATOP.

You'll actually get paid for the time you are in college classes in addition to your time on the job.

Graduates earn an Associate Degree from Rockingham Community College
